INTRODUCTION

Welcome to the Museum on Crutches

The Lobby

In the lobby there was a bell that was used by the Town Crier. He used the bell to get attention because there was no water for was no water for 4 hours it was in the 1930 and 1940 before the 2wold wore

The
Lobby

The Town Room

The window in the town room was used by the soldiers to see through because they were making sure there was no trouble in the town. There is a drum that the band used. There were shoes and medicine bottles there was a dentist drill that was used for pulling out teeth

The dentist drill

The Drum

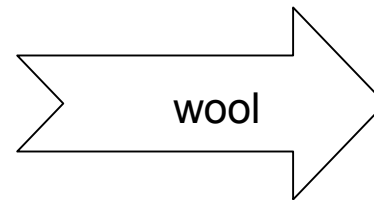

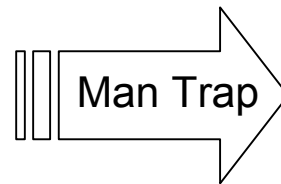

Agricultural Room

In the Agricultural Room there was a man trap, it was very scary.

The man trap was used by the rich to keep the poor people and poachers off their land.

In the room there was also stuffed birds and animals.

Hanging from the ceiling was big balls of sheep wool.

Parlour

There was model of a
granny it was scary. She
was reading a bible.

Noah's Ark

There was a cupboard with
little soldiers.

I also saw some little block
puzzles made of wood

Soldiers

Conclusion

Thank you for reading my presentation. I hope you have as much fun as we did when you visit the House on Crutches Museum.
